## ACCUSED MAGILLS FACING LIFE IN OPPOSITE CELLS

### Bride Says She Is Happy and That Their Only Crime Was in Marrying Too Soon, but Love Compelled.

(BY ASSOCIATED PRESS.)  
CLINTON, Ill., July 31.—Fred Magill and his wife, Mrs. Fay Graham Magill, who were waiting the action of the grand jury concerning charges that they caused the death of Magill's first wife, are confined in cells almost opposite, in the county jail. They spend a greater part of the time standing at their cell doors peering through the gratings at each other and conversing across the corridor. A reporter called at the jail to see Mrs. Magill this morning. Extending her hand through the bars she shook hands, saying:  
"I am glad to see you," hesitated, and added, "perhaps."  
"Why do you say perhaps?"  
"Because you must not ask me anything about my case. I am not permitted to talk about it," she replied.  
"Are you lonesome?"  
"BRIDE IS HAPPY."  
"Not a bit," she said. "I am happy."

## SUICIDE CLEARS A MYSTERY

COLORADO SPRINGS, Colo., July 31.—Coroner Richardson stated this afternoon that in his opinion both Miss Laura Matthews and Amos Rumbaugh committed suicide. He said he believed Miss Matthews killed herself because of unrequited love on the part of C. A. Coey, the Chicago millionaire, and that Rumbaugh, who has been drinking heavily for some time past, had killed himself because of infatuation for the girl.

COLORADO SPRINGS, Colo., July 31.—Amos R. Rumbaugh, who shot himself here late yesterday rather than testify at the inquest over the body of Miss Laura Matthews, his friend, died early this morning at the St. Francis Hospital.

PITTSBURG, July 31.—The suicide of Amos R. Rumbaugh at Colorado Springs yesterday has cleared the mystery of his disappearance from his home at Mount Pleasant, Pa., near here, two weeks ago. Rumbaugh was married and was one of the most prominent citizens of Mount Pleasant. Two weeks ago last Monday he left home without indicating to his wife or relatives whether he was going or why, and until now all efforts to locate him were unsuccessful.  
Yesterday his wife, despairing of his return had her household effects packed and was prepared to leave today for the home of her father in Loudsville, Ohio, but as a result of information from Colorado Springs, however, she will defer her departure

## SELECTION OF JURY DELAYED

BY ASSOCIATED PRESS.  
SAN FRANCISCO, July 31.—The work of selecting a jury to try Theodore V. Halsey of the Pacific States Telephone and Telegraph Company on the charge of bribing Supervisor Lonsger in the sum of \$5000 to vote against a franchise for the Home Telephone Company, will not be begun until tomorrow morning.  
Judge Dunne was forced to continue the case for one day because there were available only seven veniremen of the venire of sixty summoned in the court Monday, the other fifty-three having presented valid excuses why they should not serve.

## DROPS IN STREET OF HEART FAILURE

41 Mrs. Willie Kucka, wife of Charles Kucka, who was pardoned from a Nevada prison for murder to avenge a wrong inflicted on his wife, and who recently created a sensation by attempting to make a gun play in recovering her pet dog from her husband and his father, nearly succumbed to heart failure last night when she was going to the Alameda hospital to take a train for Nevada. Her former home, and the scene of the notoriety.  
The woman had purchased a ticket

## EXTRA! Rameses II Was a Rank Fraud! Not Entitled to Be Called Great! So Vain That He Carved His Name Everywhere

(BY ASSOCIATED PRESS.)  
LONDON, July 31.—Egyptologists claim that they have discovered that Rameses II was a fraud and that he is not entitled to the name of "Great," which the historians have given him. People who have developed the fact that the many tombs and monuments bearing his name and therefore supposedly his, were erected a thousand years before him. The experts believe that Rameses was vain and caused his name to be cut everywhere.  
Professor Neville, one of the official explorers of antiquities in Egypt had this to say about Rameses: "The more we discover of him the more convinced are we that he was a fraud. He was not great in any way, but his vanity was colossal. To satisfy his ambition the action of causing his name to be inscribed on every statue and monument. We are now beginning to find this

ATTORNEY DELMAS. FRANCIS J. HENEY. JUDGE LAWLOR.

SKETCH OF ATTORNEY DELMAS AS HE APPEARED IN JUDGE LAWLOR'S COURT THIS MORNING ASKING FOR A POSTPONEMENT OF THE GLASS CASE, SPECIAL PROSECUTOR HENEY OPPOSING HIM.

## CHINAMAN KNEELS TO DEATH

BERKELEY, July 31.—As a newsboy named Bigdon, living at 2223 McKinley avenue, was passing through the University grounds about 8:30 o'clock this morning he saw the form of a man in Strawberry Creek, about fifty feet from the bridge that crosses at the entrance from Telegraph avenue. Bigdon went to the form and found it was a Chinese and that he was dead. The boy notified the police and they in turn sent word to Deputy Coroner Jameson, who removed the body to the morgue of Jameson & Niehaus.  
When the coroner reached the body he found a six-ounce bottle that had contained corrosive sublimate beside the body. The Chinese was on his knees, his elbows and face digging into the hard sand and gravel and the face distorted. The body was cold and rigid, having been dead several hours.  
FROM REDWOOD CITY.  
At the morgue it was learned that the Chinaman's name was Ah Lee and it is supposed he was a servant in one of the houses on the hill. He had a letter of recommendation from Mrs. J. J. Moore of Redwood City, Cal., for whom he worked until June 1.  
On the bottle was a label of R. E. Bell, druggist, 2800 Telegraph avenue, corner of Dwight Way. Here it was learned that a Chinese who gave his name as Ah Lee purchased the bottle of corrosive sublimate of Bell about 1:30 o'clock yesterday afternoon. After giving the name the druggist failed to get the street Ah Lee gave, although he got the number 1503. The record shows that Ah Lee of 1503 the Chinese was employed. From the authorities will further investigate the sale of the poison, as the State law is rigid in its provisions that all data relative to purchases of poison must be secured before the article is sold to an applicant.

## CONFESSED BIGAMIST FREE

SAN FRANCISCO, July 31.—Judge Cook instructed the jury this morning to acquit Henry Schaefer of the charge of bigamy. Although he expressed himself as satisfied that Schaefer married Linda Landau here in March after leaving a wife and four children in Decatur, Ill. The defendant had admitted this state of affairs.  
Schaefer's escape from the consequences of his double marriage is due to a technicality of the law. His first marriage took place in Rumania, and there was no proof of it except his own former admission and the fact of cohabitation in Illinois. General repulse and cohabitation do not, according to California laws, establish marriage, so Judge Cook decided. Neither did the four children of Schaefer figure when it came to proving marriage.  
Consequently it took the jury less than five minutes to free Schaefer.

## GRAND JURY IS NOW AFTER ZIMMER

SAN FRANCISCO, July 31.—The grand jury meets this afternoon. Testimony relating to the alleged bribery by Vice-President Zimmer of the Pacific States Telephone and Telegraph Company will be heard and the investigation into the alleged tampering with Glass jurors will continue.  
Detective William J. Burns has been sitting like a will-o'-the-wisp through various parts of the city this morning gathering evidence and instructing witnesses who are to testify this afternoon. Both District Attorney Langdon and Detective Burns are confident that the Glass jurors were reached and they are building up a strong case against some of them.

## FIRST ARREST UNDER NEW STATUTE

SAN FRANCISCO, July 31.—Officer W. H. Young yesterday made the first arrest for violating section No. 2733 of the Penal Code. This section provides for the arrest of a parent habitually drunk or disorderly in the presence of a minor child.  
Judge Shortall was unfamiliar with this section, which was only passed on March 21 of this year, and had to delve into his legal books in order to decide the merits of the case.  
Mary Towne was the woman arrested by Officer Young and the case is a particularly interesting one. The woman had been drinking and was found with her child in her arms, aged from 3 to 5, and had not been sober for the past ten days.  
The defendant was sent to jail and the Policeman Young has placed the children in a temporary home.

## WEATHER REPORT

SAN FRANCISCO, July 31.—San Francisco: Fair tonight and Thursday, with fog in the morning; light wind. Sacramento valley: Fair tonight and Thursday; light south wind. San Joaquin valley: Fair tonight and Thursday; light north wind. Southern California: Fair tonight and Thursday; light west wind.

## TIME TAKEN UP BY HALSEY TRIAL Argues With Judge Lawlor for a Continuance of the Case.

SAN FRANCISCO, July 31.—Attorney Delmas came before Judge Lawlor this morning with an urgent plea for the postponement of the Glass trial. He wants the Glass case postponed so that he may be able to take part in the defense of Theodore V. Halsey who is now on trial in Judge Dunne's court.  
Mr. Heney argued against the postponement and suggested that there could be found some other attorney nearly equal in ability to Delmas. To this suggestion Mr. Delmas replied calmly, but ironically:  
"If your honor please," he said, "it is not the assumption of any superior ability on my part. There is not only one other attorney, but thousands, who could undoubtedly attend to these cases better than I can. However, these defendants have chosen me to represent them. My duty to them demands that I should give them my closest attention. To them these are very grave matters."

HENEY SUGGESTS.  
Mr. Heney called the court's attention to the fact that the Halsey case had been set before Mr. Delmas was engaged as counsel. In fact, it is only since the close of the first trial of Glass that Delmas has been retained by Halsey. Mr. Heney suggested that McKillop and Schlesinger, who have all along represented Halsey, might continue to do so.  
Mr. Delmas then hinted in this manner that the prosecution might be trying to shut him out from one of the cases.  
"There are a number of other cases on the calendar awaiting trial," he said, "the object in trying these cases be set for the same time is not for me to inquire into. If your honor chooses to force us to trial on Monday, we shall submit."

## NOT FEAR OF DELMAS.

Mr. Heney endeavored to make it understood that it was not his fear of Delmas which influenced him without saying so in so many words. The case necessary to Mr. Glass," he said, "let him come here. We shall be glad to have him here. If he prefers to try Mr. Halsey's case, there must be some other man who could represent Mr. Glass. The court can't depend on the convenience of one man."  
The question of witnesses for the two trials was also argued. Mr. Heney contended that it would be a great saving of time and convenience as they will be the same in both cases. Mr. Delmas held that it would be difficult for witnesses to be testifying upstairs and downstairs at the same time.  
After the argument was over, Mr. Delmas came back to his point again.  
"Your honor will recall," he said, "that the defendant Glass has never asked a delay. Your honor will recall that as early as May 27, when the case was first called we were ready. It has been delayed from time to time since then contrary to our desires."

## NOT DECIDED TODAY.

Judge Lawlor did not decide the question today. He said that, inasmuch as the case was not really before the court, the dispute must be considered merely a professional one.  
"I have called this conference," said the court, "to enable counsel to understand what will be required of them. It is the purpose of the court to yield an early trial in all of these cases as the circumstances and the business of the court will permit."  
"I intend to give my entire time from now on to this group of cases. No other case in this list is now ready for trial. The court did give up a number of other cases ready for trial in order to devote itself to these matters brought up by indictments of the grand jury."

## SITUATION SERIOUS IN S. F.

SAN FRANCISCO, July 31.—Unless District Attorney Langdon begins mandamus proceedings compelling City Treasurer Bantel and Auditor Horton to recognize the signature of Mayor Taylor on salary warrants at an early date serious complications are bound to arise.  
Despite the fact that the new mayor's authority has been recognized by more than half of the officials of the city government, Bantel and Horton still cling to their original decision of paying nothing without the signatures of both Schmitz and Taylor.  
With two boards of supervisors in the field and the possibility of a dispute over the new head of the board of public works and the new chief of police when these officers shall have been appointed, the situation becomes a grave one. The money for the various departments of the city government will be effectively tied up because, if President Duffy of the board of public works, resigns, both Schmitz and Taylor will appoint a successor, and Bantel will refuse to recognize the salary warrants for some five hundred men who are under the direct supervision of the works board president.  
District Attorney Langdon recognizes the seriousness of the situation, and an effort will be made to convince Bantel and Horton that Taylor is the de facto mayor and in case it is necessary the matter will be taken into court.

## RARE GEM IS DISCOVERED

BERKELEY, July 31.—A new gem of great beauty has been discovered in the southern part of the Diablo range, north of San Benito-Presno county line, by Sanders and Hawkins, two young men who were prospecting in those parts. The stone was supposed to be a sapphire. Cursory examination, however, revealed the fact that the mineral did not possess the usual qualities of sapphires, and it was therefore referred to the geological society at the State University. Professor George D. Louderback today published a bulletin giving the results of his examination of the stone. The new gem is a clear, transparent stone of attractive blue color that in its deeper portions shows a distinct violet tint. Compared with the long-known standard blue gem, the sapphire, it may be said that it rivals the latter in color and excels it in brilliancy, though it is not so hard. It is, however, harder than opal or moonstone and is about equal to chrysoberyl. The color, which the most attractive portion appears to be quite stable.  
Professor Louderback says the stone may be heated to a bright red and maintained at that temperature for five minutes, but on cooling down the color will appear unaffected.  
It is a fact worthy of note that while other gem minerals for which the State is famous are all varieties of this stone has the distinction of being an entirely

## FIGHT BULLETINS

THE TRIBUNE has made arrangements to give a complete bulletin service to night of the Britt-Nelson fight. A direct wire will run from the ringside to THE TRIBUNE office. Eddie Smith, sporting editor of THE TRIBUNE, will report the fight. Bulletins will be displayed at the branch office of THE TRIBUNE at Twelfth and Broadway.

# P. KISICH BACK FROM EUROPE

Glad to be in Oakland Again After His Tour Through Europe.

"I have seen many of the things which are worth seeing in Europe and I am back again in Oakland and I want to tell you, I am glad to be back."

This was the statement made this morning by P. Kisich, the well known restaurant man, who has just returned from a three months' trip in Europe. Kisich and the people of Oakland were with Mr. Kisich wherever he traveled and, now that he is at home again, regardless of the pleasure he has experienced, he says he has no desire to again get so far from home.

During his absence Mr. Kisich visited Cherbourg, Paris, London, Milan, Venice, Trieste, Ragusa, Vienna and a number of other places.

He had the inexpressible pleasure of meeting and spending several days with his aged mother, and the parting from her was the only pain which he experienced throughout his tour. His mother is now 77 years of age, but is in the enjoyment of excellent health.

Mr. Kisich also visited Belgrade, Bosnia, Herzegovina, Ildia Springs and met people from all parts of the world. He then went to Agram, the capital of Croatia, and, still later, passed some days in Vienna. In the last mentioned place he saw the bed occupied by the great Napoleon when the "little corporal" was a power in Europe. He also saw the bed in which Napoleon's son, by Marie of Austria, died twenty years later.

In Paris Mr. Kisich saw everything that was worth seeing and his recital would fill a volume.

From a practical standpoint Mr. Kisich took views of the public buildings of the cities which he visited and declared that all of these structures were well constructed and worthy of the emulation, both in interior decoration and accommodations, of the municipality of Oakland.

## CLAIM MANY VIOLATE HUNTING BADGE LAW

Investigations will be made by the Fish and Game Commissioners into the citizenship qualities of some of the wearers of aluminum hunting license badges. It is said that many of the hunters are not obtaining their badges under the State law that requires that aliens must pay \$25 for hunting permits, while resident citizens of the State are given the privilege for the sum of \$1.

It was not long ago that a Frenchman living in North Oakland tried to get a license by claiming that he was a native born citizen of the United States. An investigation proved that he was not, so the license was denied him. It is said by the commissioners that many licenses are falsified. Those for aliens are made from brass. It is also charged that in some places a badge is circulated among a good many hunters.

## NEW CONTRIVANCE FOR EYE DIAGNOSIS

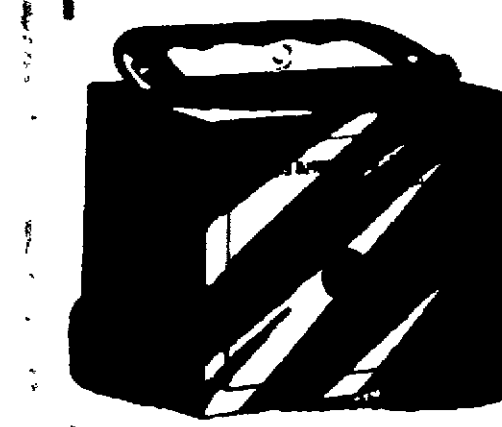

PARIS, July 31.—Dr. Fortin has reported to the Academy of Science a new contrivance which he believes is to be of great service in eye diagnosis. The physician found that the light from a mercury vapor lamp, passing through two sheets of blue glass and reflected into the eye by a large lens, reveals the internal condition infinitely better than the ordinary white light. By placing a screen with a pinhole between the light and the eye, the magnified image of the vessels at the base of the retina, which have hitherto been almost invisible, has been obtained.

## DECLARES EXPRESSMAN CUT HIM WITH WHIP

O. B. Allen, a flagman employed by the Key Route at Twenty-second street and San Pablo avenue, swore out a warrant this morning for the arrest of E. Collins, an expressman, whom he accuses of attempting to drive over him while he was performing his duties in the street. Yesterday Allen declares that, falling in his attempt to run him down, Collins slashed him several times with his whip. Collins has an express stand at Fifteenth street and San Pablo avenue.

# FOREMAN FONDA GIVES ANSWER TO W. J. BURNS

SAN FRANCISCO, July 31.—Charles P. Fonda, foreman of the Glass Jury, has written the following open letter to Detective W. J. Burns:

"Sir: My attention has been called to the fact that you have publicly stated the disagreement in the Glass case was due to bribery. Being one of those five poor unfortunates who dared to assert his manhood it might be considered incumbent on me in behalf of those five who for twenty-one days were allowed practically no diversion other than that of listening to testimony to apologize to the smart gentlemen who produced and adduced evidence.

However, having a mind of my own backed by a fair education, I am as independent in the matter of apology as I was in rendering a verdict according to the facts presented.

"I have at present in my keeping all the ballots of the Glass Jury save those of Sunday and in this connection might say for the benefit of my friends, who I can still look squarely in the eye, that the five independent voters so voted first and last. The first ballot read five for acquittal, four for conviction and three blank (on the fence until it was shown that any one else voted for conviction). Had there been none for conviction, the second ballot would undoubtedly have changed these blanks to acquittal. So close a ballot as seven to five cannot justly be ascribed to ulterior motives on the part of any one.

"I am not acquainted with Louis Glass, and have never to my knowledge exchanged a word with him; and had the evidence been strong enough to convict him, with the crime legally established, I can say positively that the five who voted for acquittal would have voted to convict.

"I am sufficiently in favor of good government to have allowed no business or social engagements to prevent my voting at every primary and general election since I became of age. Can you, sir, make a similar statement?

"Of Mr. Heney I can honestly say that he is a wonder, and that you are a marvel, and had he been as fortunate in carrying the responsibility beyond Zimmer as he was in carrying it up to him, our twenty-one days' confinement might have been as beneficial to the city as it was disastrous to our own business interests.

"A rational homage to the Deity and a conscientious regard for that divine command, 'Thou shalt love thy neighbor as thyself,' were early instilled in me by my parents, now living, and while I act in the light of those instructions I can hold up my head in any community, notwithstanding the criticism made in your mad desire to rush into print."

## GREAT ENTHUSIASM MARKS COUNTY CARNIVAL PLANS

Director-General Bernard Miller Receives Acceptances From Those Asked to Assist the Exposition.

Men of all interests in the community have taken up with enthusiasm the work of preparing for the Alameda county exposition and carnival to be held at Idora Park from September 23 to October 5. In response to the request of Director-General Bernard P. Miller that they assist him in the execution of the plans formulated for the big show, they have accepted with the determination to make the affair the most attractive and the most extensive festa and industrial display ever held in this section of the State.

Bankers, merchants, manufacturers, professional men and labor leaders have expressed their willingness to serve with Mr. Miller. All are agreed that the opportunity has come for Alameda county to show the State what has been accomplished here and what may be expected in the immediate future to come. Already a number of prospective exhibitors have applied for space in the large skating rink which will be used as an exhibit building and several churches have made their applications for consideration in the scheme by which churches, charitable organizations and fraternities will be allowed to share in the receipts of the fair.

"The success of the carnival is certain," said Director-General Miller this morning. "The idea of having a great exposition and carnival seems to have met with favor on every hand. The leading and representative men of the community have taken hold with enthusiasm. That means success. During the two weeks following September 23, a tremendous crowd will visit Oakland."

## FOR HIRE COUNTY.

"I have taken the responsibility of directing this enterprise not in the spirit that this fair will represent merely the remarkable progress and prosperity of the City of Oakland, but with the broader comprehension that it will be best as intimately associated with the wealth and possibilities of all Alameda county as with those of Oakland."

"There are tremendous interests in this city and county of which the State knows little. It is our duty to exploit these interests and to develop within the past few years of Oakland, Berkeley, Alameda and the interior of the county demands that we clean from the credit that is ours. Our civic pride needs stirring. The fair will awaken this interest throughout the city and county. If the hundreds of thousands of visitors who will come to Oakland go away captivated with the determination to make the affair the most attractive and the most extensive festa and industrial display ever held in this section of the State."

## EXECUTIVE COMMITTEE.

The men who will assist Director-General Miller are as follows: John Charles Adams, capitalist; Bert Berovich, tobacco merchant; F. W. Brier, president Oakland Chamber of Commerce; J. B. Bowen, Building Trades Council; H. W. Bishop, theatrical manager; I. H. Clay, insurance; W. E. Dargatzis, D. R. D. TRIPUNE, G. B. Daniels, manager Oakland Enquirer; Gideon Davis, manager Oakland Herald; C. J. Downey, manager W. E. Fuller & Co., Garfield; banker; Theo. Gier, wine merchant; Owen Hotie, president Oakland Real Estate Association; D. H. McLaughlin, merchant; A. Leach, Jr., manager Oakland Gas Light and Heat Company; J. W. Layman, real estate; Emil Lehnhardt, confectioner; Edwin Meese, City Councilman; Frank K. Mott, Mayor; W. G. Palmanteer, banker; C. W. Petry, Federated Trades; Guy Smith, theatrical manager; George Samuel, Judge; H. G. Williams, president Merchants' Exchange; Wilbur Walker, secretary Merchants' Exchange.

## DEATH TAKES GEO. DORNIN

Berkeley, July 31.—George D. Dornin, a pioneer and veteran insurance man, died this morning at his home, 2525 Benvenue avenue, from heart failure.

Dornin became famous in the days after the earthquake and fire when welcoming insurance companies brought distress to San Francisco property owners. Dornin resigned the agency of a Hartford company which had ordered him to reduce the claims of those whose property it had insured in San Francisco. His action was widely proclaimed, and did much to stiffen the backs of honest insurance agents. He retained his Pacific Coast management of the Springfield Insurance company, which did not "wrench."

He was 77 years old, and has resided in California for half a century. His son, George W. Dornin, was formerly president of the Oakland city council.

## \$10,000 ADDITION TO INCURABLE HOME

The King's Daughters have applied for a permit to erect a \$10,000 building to supplement their Home for incurables at the corner of Thirty-ninth street and Broadway. The new building will be of frame, two stories high, and will contain eighteen rooms. George W. Fleck will be the builder. Morgan and Hoover are the architects.

## BANKERS SENT TO JAIL

CHICAGO, July 31.—Former Judge Albert Smith and Gustav Brown, both of whom were recently convicted of fraudulent banking practices in connection with the failure of the Bank of America, were today ordered to commence immediately the serving of their penitentiary sentence. They were at once taken into custody by a deputy sheriff.

## MINERS KILLED.

EL PASO, Texas, July 31.—Two men were killed and one other fatally injured yesterday afternoon by the breaking of a cable drawing an ore mine at Metcalf, Ariz. All are laborers.

## HAS RETURNED.

Robert Kuerst, the Broadway constable, has returned from a two weeks' tour of the Hawaiian Islands and is now at the Hotel California, where he is being treated for a cold.

## GOVERNOR CURRY IS ROOSEVELT VISITOR

OYSTER BAY, July 31.—Governor George Curry, who arrived in the United States ten days ago from his post as governor of the Philippine province of Samar, to assume the duties of his new position as governor of the Territory of New Mexico, counted on his return to Roosevelt for two hours today. The Governor arrived in Oyster Bay with Federal Judge Roddy, a former delegate in Congress from New Mexico. Governor Curry said he was not familiar with the territory he was to govern, but he would have to face his new position to discuss them.

# INAUGURATES FLOWER DAY

Unique Celebration in Le Conte Memorial Lodge in Heart of Yosemite.

Charles Greene, librarian of the Oakland free public library, returned Monday from a three weeks' stay at Yosemite Valley, where he recently inaugurated flower day in the Le Conte memorial lodge. The lodge was open to the campers of the valley during the entire day and in the evening exercises were held. Greene presided and delivered an eloquent address upon the life of Mr. Le Conte. Charles Keeler, who is camping in the valley, read a brief poem upon the death of Professor Le Conte in the valley.

John Muir was one of the distinguished guests of the lodge on floral day. The entire affair was under the personal supervision of Charles Greene, who is a lover of nature and flowers. The day was marked by its uniqueness and was an event in the history of the valley. All the rare and beautiful flowers of California were well represented and the lodge-room presented the aspect of a veritable flower garden.

## MISS BARRYMORE TO PLAY AT MACDONOUGH

Ruth Barrymore will open her engagement at the Macdonough Theater tomorrow night when she will present her popular play, "Captain Jinks." Manager Charles P. Hall has made all arrangements to stage the play in a first-class manner.

The advance sale of seats has been very encouraging and the indications are that Miss Barrymore will be given a very warm reception in this city. She will play here Thursday, Friday and Saturday nights with a Saturday matinee.

# WEEPING WIDOW HEARS JUDGE SAY SAN QUENTIN Mother Dons Convict's Stripes as Result of Stealing for Little Ones, So She Declares.

With tears running down her cheeks from under her gold-rimmed glasses, Mrs. Mary Foley, a widow of 47 and the mother of several children, listened to a sentence of eighteen months' imprisonment in the penitentiary at San Quentin passed on her this morning by Judge Ellsworth.

Mrs. Foley stood firmly gripping the bar of justice while Attorney Howard K. James was making a plea for mercy. She tried to keep a placid face, but the strain was too great, and in weakening she sobbed softly and finally interrupted her attorney and asked the court to allow her freedom on probation for the sake of her children. The youngest child, she said, was eleven years old and it was for the sake of obtaining money for this daughter and a boy of fifteen that she stole the gold bracelet from Mrs. Gracia Pillsbury in Berkeley, where she worked for a day on March 13 last.

When District Attorney Brown interceded with the possible move for probation he stated that the past life of the woman would not warrant such measures. When reference was made to the woman's past she quickly shot back at Brown the statement that there was nothing in her past life she was ashamed of, and that she previously had led a straight life. Her husband was killed in the earthquake and fire, which, she says, forced her to destitution and drove her to commit crime.

Judge Ellsworth refused to listen to the alleged story of the woman's black character, and informed the district attorney as much. He said if there was anything against her it had not properly been introduced. Under the terms of the case that was before him, Judge Ellsworth said he would look at only the offense Mrs. Foley had pleaded guilty to, which meant grand larceny.

When the sentence of eighteen months was passed on the woman she took a deep breath and attempted to swallow the lump in her throat in order to thank the judge for his leniency. She managed to express a little gratitude as she was led away to the county jail with the bailiff.

Concerning the charges made sometime ago that Mrs. Foley is the murderer of Senator Foley of Nevada, District Attorney Brown says that his investigation discredited the story. He does say that Mrs. Foley has much against her, that she has been in trouble before and in his opinion she escaped a very severe punishment, which he considers should have been meted out to her.

Since her arrest several weeks ago, Mrs. Foley says her son, 21 years old, has forsaken her. The other children are in a Catholic home in South San Francisco.

## IS DISCHARGED.

George Jaffrey, a car inspector who was charged with insanity by Policeman G. G. Underwood, was discharged this morning by Judge Waste. The young Englishman had just recovered from a long spree and his mind was slightly unbalanced, which caused him to believe that he was a desperate man and was hunting for gore.

## THOMAS KELLEY MISSING.

Thomas Kelley, of 527 Eleventh street, has been missing from his home since July 26. Kelley is 45 years of age, 6 feet in height, and weighs 185 pounds.

# DRINKS BEER; HUGS SERVANT

Chicago Policeman Suspended on Charges Made by Domestic in Private Home.

CHICAGO, July 31.—Policeman Richard J. Murphy, who has been on the force twenty-five years, has been suspended pending an investigation by the civil service commission. Charges against him were made by William W. Pike, Longwood avenue and Ninety-first street, and Emma Printz, a young servant in the employ of Pike.

The Printz girl said that last Sunday afternoon Murphy appeared at the kitchen door of the Pike residence in the absence of her master and mistress and said he wanted a drink.

"I can have beer here at any time I want it," he is credited with saying. "Mrs. Pike has often given me beer."

After he was given a bottle of beer by the girl he helped himself to another. The girl said the policeman then embraced her and made several improper remarks, and that she had to break from his grasp.

She said Murphy returned at 4:30 o'clock and renewed his annoying conduct. Pike said he and his wife had gone for an automobile ride, and when they returned home late in the afternoon their servant told of the conduct of the policeman.

Murphy appeared before Chief Shippey and, facing his accusers, denied their allegations. He said he had a family of five children, and is now living with his wife and family at Eighty-fourth and Sangamon streets. He admitted, however, that he visited the Pike residence and that after having been given a bottle of beer he helped himself to another.

\$250,000 worth of new Fresh Merchandise to be slaughtered regardless of cost or value—no matter how good.

# Joyce's Selling-Out Sale

## Is an Occasion Which Continues to Retain Widespread Interest

Thousands of things which everybody needs are being offered daily at the most ridiculous prices ever heard of. Don't underestimate our offerings. We again desire to call your attention to this, the most gigantic sale that has ever taken place in the state of California. At its very inception we told you that if you'll note our goods and prices, you will realize that such offerings as we make are the resultant of only such an occasion as we offered in explanation of this sale. We will reiterate. We have purchased the entire stock of merchandise from A. Meyer of Modesto, who, through illness, was forced into

# RETIRING FROM BUSINESS

And these are dull days, say our competitors. We don't see it. A PRONOUNCED SUCCESS, our great sale is now in its fourth week, and has been the means of distributing thousands of dollars worth of merchandise at ridiculously low prices. The public evidently appreciates our values, since our store has been crowded to its fullest capacity, which is causing envy and despair among our competitors. What other store, for instance, will offer such values as these?

<b>Aprons</b> Ladies' White Lawn aprons; well made and neatly finished; good quality India Linon; reg. value 25c— <b>19c</b> Our prices, though they have no tongue, speak with most miraculous organs—we are busy, others complain.	<b>Hose Supporters</b> The celebrated military satin hose supporter always 25c, during sale— <b>16c</b> Prospective buyers would do well to attend this sale, while it is in progress; marvelous assortments, economical prices.	<b>Foster Patent</b> We have also the well-known and much used Foster patent satin hose supporters; regular 50c; sale price— <b>38c</b> Compare our prices with other houses and you'll understand why we have got them a-guessing. What next they ask in despair?	<b>Ladies' Waists</b> Ladies' white waists neatly trimmed; some with lace, others with embroidery; good sheer material; regular \$1.00, \$1.25, \$1.50, \$1.75; sale prices <b>68c 78c 88c 93c</b> These are positively the best values ever offered; other houses are trying to imitate us, but they are not in it; we sell hundreds daily, don't delay.	<b>Ladies' Hose</b> Ladies' open work lace hose, guaranteed fast black; regular 25c value; sale price <b>17c</b> More wonderful than ever, are the offerings of this store for the great crowds that fill its aisles; note the argument in favor of your dimes and nickels.	<b>Towels</b> Twenty-three to forty-three extra large huck towels; regular 25c; values during sale— <b>15c</b> Housekeepers, do you know values? If so, this is to your interest; we want you to come and we promise you abundant returns—what is your verdict?	<b>Turkish Towels</b> White Turkish towels, the good wearing kind; regular 25c kind; sale price— <b>11c</b> Profit by our candid advice and respond promptly; first selections are the best selections; for, in some lines, the limited assortments are likely to be consumed in one hour, owing to the immense crowds.	<b>Ladies' Vests</b> Ladies' long sleeve Maco vests, ribbed with pants to match; regular 85c value; sale price— <b>21c</b> Wise men dip in to the future. Wise women plan for future needs—Shakespeare. These goods are very scarce; the cuts in prices are not from assumed values, but from the actual former selling prices.

## 2 SEWER BIDS ARE ACCEPTED

The Board of Public Works took up the question of awarding the contracts for the two intercepting sewers on Second street and the Webster and for the Grove and Webster street outfall sewers, at the opening of its regular session this morning, pursuant to the adjournment of Friday's session. On the two intercepting sewers on Second street the Contra Costa Construction Company was the lowest bidder, offering to do the work on the sewer between Broadway and Alice street for \$11,069.05 and on that between Washington and Market streets for \$17,431.90. The board accepted these bids and awarded the contract to the company.

The lowest bidder on the two outfall sewers, one at the foot of Webster, the other at the foot of Grove, was the Sunset Contract and Supply Company. On the Webster street outfall the company's bid was \$11,544.75; on the Grove street, \$17,737.30.

At Friday's meeting Attorney Wood, in behalf of the company, claimed that inasmuch as its four bids for the four sewers aggregated less than the totals of any of the other bidders on the four propositions, it should be declared the lowest bidder and the contract awarded to the company.

The board took a different view of the case, claiming that the propositions had been purposely separated and that the lowest bidder in each was entitled to the contract. It was then made known that the Sunset Contract and Supply Company should be permitted to withdraw its bids on the ground that it had bid under a misapprehension of the purpose of the advertisement for proposals, which the board was then unwilling to do, and postponed action until Friday in order to give the officers and engineer of the company an opportunity to reconsider the matter.

This morning, the claim to an award of the four contracts to the Sunset was drawn, and also its application to be released from its bids on the two outfall sewers, which A. Harney Wood said the company was willing to stand by and accept the contract.

The company being a San Francisco corporation, and a new one to operate in the field, the board responded to a request by the company, to give it an opportunity to produce references and a guarantee of its ability to carry out the obligations under its bids and to have other contractors present who were familiar with the company's work, to be called on the question of making the award.

At 10 o'clock Attorney Wood put in a special plea that the contract should be awarded to the Sunset Company today, and he would protect the city by giving satisfactory bond. He based his plea on the grounds that the company might suffer financial loss through delay.

Commissioner Turner said he had no objection, if they gave a sufficient bond to perform the work according to specifications, but the Mayor held that, as no further consideration of the matter had been postponed until Friday afternoon, an award of the contract should not be made today in justice to the contractors who wanted to be called on Friday. The board therefore declined to award the contract.

The Sunset Contract and Supply Company promises to submit written proof of its financial ability to carry out its obligations.

## 'ANY MAN IS INSANE WHO SEEKS MEDICAL ADVICE'

Startling Statement Made on the Witness-Stand by Physician Called as Expert in Forgery Case.

"Any man who enters a physician's office to ask medical advice is more or less insane." This rather remarkable statement, made all the more so by the fact that it came from the lips of a practicing physician, was delivered from the witness stand in Police court this morning by Dr. G. L. Eaton, who was called as an insanity expert in the preliminary examination of Frank H. Horwell for forgery. When pressed to explain his

utterance, Dr. Eaton said that possibly the statement sounded stronger than he had intended to make it, but that in substance he would stand by it. Accordingly, it was entered in the court records as his testimony.

Horwell is charged with forging checks to several pieces of real estate in this city, which he afterwards attempted to sell to Taylor Brothers. The defense has entered a plea of insanity. Horwell's examination will be continued this afternoon.

## HEARD DEATH WARNING GIVEN

(Continued From Page One.)

ted to shoot herself. Rumbaugh wrested the pistol from her. Rumbaugh also told Miss Green that he and Miss Matthews had determined to marry and go abroad. Rumbaugh had engaged a section in a Pullman for himself and Miss Matthews and were to leave for New York on Monday.

The nurse said Rumbaugh was very much agitated when told of Miss Matthews' death and talked excitedly about going east and taking revenge on Coey. Miss Green said she had no desire to withhold any information from the jury.

**LETTERS SHOW INTIMACY.**  
 After identifying a large bundle of letters written by Coey to Miss Matthews, she was excused. These letters have not been made public, but are said to be moderate in tone and indicate that Coey and Miss Matthews were very intimate. They were addressed: "Dear Girl," "Dear Little Laura," and "My Dear Laura."

Several telegrams were also offered in evidence. One letter began: "I find enclosed fifty dollars," another "Your loving letter received."

The coroner when asked as to the nature of the letters, said they were of a character which does not reflect seriously upon Coey.

Bellboy C. L. Kingsbury of the Acacia Hotel was the next witness called. He testified that on Sunday afternoon he heard a telephone conversation between a man and Miss Matthews. He cut in on the wire just as the conversation ended, but heard the man say: "Kill you from ambush." Miss Matthews said: "What?" and the man replied: "I'll kill you."

Several other witnesses were called, but added nothing new.

## ARMY CAPTAIN TO STAY IN JAIL

TOPEKA, Kan., July 31.—Judge Smith McPherson of the United States District Court, Southern District of Iowa, filed an opinion here today with a clerk of the Federal court, denying an application for writ of habeas corpus made by George W. Kirkman, ex-captain of the United States army now serving three years in the Federal Prison at Leavenworth, Kansas.

Captain Kirkman was first tried in March, 1905, by a court-martial in Fort Niobrara, Nebraska, and was convicted of conduct unbecoming an officer and a gentleman. He was sentenced to dismissal from the army and to serve a sentence of two years in the Federal Penitentiary. In April, 1906, he was tried again on a similar charge, found guilty, sentenced to dismissal from the army and to serve an additional year in the penitentiary.

**BLAMED FOR SUICIDE.**  
 The second charge against Kirkman related his career for the two years previous and bore particularly upon the alleged relationship ending in the suicide last winter in Omaha of Mrs. Chandler, wife of Lieutenant Chandler of Captain Kirkman's own company, the Twenty-fifth United States Infantry. "Breach of arrest" charges were filed because of Kirkman's leaving the post while under arrest and going to Valentine, Neb., where, it is charged, he met Mrs. Chandler, who killed herself two days later.

Both orders were approved by President Roosevelt June 15, 1905. The words of the judgments failed to state whether they should be considered as cumulative or consecutive, and at the expiration of the two years, less credits for good conduct, Kirkman applied to the Federal Court to be discharged on writ of habeas corpus, his contention being that the two judgments were cumulative. The court discharged the writ and remanded the prisoner, holding that such judgments were consecutive.

## BEVERIDGE TO WED ABROAD

Marriage to Miss Eddy Will be Solemnized in Berlin on August 7 Next.

BERLIN, July 31.—It was definitely settled today that the wedding of Miss Katherine Eddy of Chicago, sister of Spencer Eddy, first secretary to the American Embassy here, and Albert J. Beveridge, United States Senator from Indiana, is to take place August 7 at the residence of Ambassador and Mrs. Tower.

Senator Beveridge will be obliged to sign a passport documents three inches deep before the necessary marriage permit has been procured. The Senator will arrive from Berna tomorrow, Ambassador Tower, who is at Bad Kissingen, and Mrs. Tower, who is in Paris, will return August 4. The wedding will be private. The religious ceremony, which will be performed by the Rev. Thomas Hall of New York, will be preceded with the civil ceremony. A wedding breakfast to members of the family will be given by Mr. and Mrs. Eddy at their residence here.

## WINE GROWERS QUIET; TROOPS WITHDRAWN

PARIS, July 31.—The situation in the South of France, which arose from the discontent of the wine growers, has improved to such an extent that the authorities decided today to withdraw the troops sent into the disaffected districts.

Furthermore, the government has declined to release on bail the former Mayor of Narbonne and other leaders of the movement.

# PLAN TO BUILD BEACH HOTEL

Alameda and Eastern Capital Interested in Constructing Fine Edifice.

ALAMEDA, July 31.—M. L. Rose and Mayor E. K. Taylor contemplate building a large beach tourist hotel in this city, and are now working on the plans. Eastern capital has been interested and the projectors believe that Alameda will soon have one of the finest hotels on the coast.

Rose was manager at the Fairview Hotel at Fruitvale, but gave up the position to come to this city for the purpose of securing a site for a large hotel. During the past few days the hotel man and the mayor have had frequent conferences and real estate dealers of the city are doing all possible to advance the project.

No definite arrangements have been made, but Rose promises that a new hotel will soon be built on the beach.

## CAPT. HANSEN'S WIFE EXONERATES HUSBAND

ALAMEDA, July 31.—Captain Hansen, of the steam schooner San Pedro, which collided with the Columbia off the Mendocino coast, arrived at his home at 2261 Clinton avenue last evening. Captain Hansen came from Eureka to testify at the hearing yesterday. On board the San Pedro at the time of the collision was Mrs. Hansen. Talking of her experiences she said:

"The captain and I were about half awake when the crash came. He jumped up and was out in a minute and I soon followed him on deck. We heard the shouts and cries and two boats were sent off from our vessel. One of the boats returned with a load and then another boat was launched.

"It was terrible, and it was really a wonder that more lives were not lost. We were just able to keep out of the water and were glad when the Elise came along and took us aboard.

"All this criticism of Captain Hansen has been proved erroneous. All that could be done was done and everybody was satisfied. Captain Hansen has a letter signed by most of those who were on the boat (he could not get them all after we landed at Eureka) telling how good care he took of them and saying how he had done all that was possible to save the lives of the unfortunate."

## PROMINENT SOCIETY WOMAN IS INJURED

BERKELEY, July 31.—Miss W. H. Reed, a prominent society woman residing at 1705 Bonte avenue, received serious injuries as the result of being thrown out of a pony cart at Dwight way and Shattuck avenue yesterday. She was taken to the Roosevelt Hospital.

Mrs. Reed was driving with her little son, and while attempting to round the corner at a brisk trot with the pony cart, she was thrown out. The woman struck heavily on her face and hands on the hard pavement. The lad fell on his mother and escaped with a few minor injuries.

Mrs. Reed was formerly Miss Brehm and was instructor in art at the Berkeley High school.

## TEACHERS RESIGN IN ORDER TO BE BRIDES

ALAMEDA, July 31.—The local schools will open Monday morning. There will be a number of new teachers in the department this year, over fifteen having resigned to become brides or to take positions in other cities. It is expected the enrollment will be greater this term by at least 100 students.

## HILEGAS PORTRAIT ON GOLD CERTIFICATES

ALLENTOWN, Pa., July 31.—Henry E. Hilegas, the great-grand-grandson of Michael Hilegas, the first treasurer of the United States, has received the first specimen of the new ten-dollar yellow-backed gold certificate that came to Allentown. A portrait of his ancestor adorns the note.

The Hilegas family has a proud record of devotion to the United States. Michael Hilegas gave his fortune to George Washington to advance the cause of the revolutionary war. His grandson fought in the war of 1812.

Henry Hilegas and his five brothers fought in the Union army during the Civil War and their father was in the Mexican War.

## ALLEGED BIGAMIST TO GO EAST FOR TRIAL

SAN DIEGO, July 31.—Sheriff Cox of Stephenville, Tex., started last night for San Diego to take back with him Arthur Steel, alias A. J. Morris, of that place, who charged with bigamy, and who is also said to have married a pretty widow at Fort Worth after leaving a wife and three children in his home town.

# SOCIETY TO LOSE CHARMING MEMBER

MISS BESSIE SELLECK, POPULAR SOCIETY MAID.

## Miss Bessie Selleck to Leave Alameda Home

ALAMEDA, July 31.—Miss Bessie Selleck, a charming and popular girl of the young-set, expects to leave this city soon to make her home in San Francisco. Miss Selleck has made many friends during her residence here and they greatly regret to have her leave the local social life in which she takes a prominent part.

Mrs. M. F. McGurn, president of the Adelphi club and prominent in society, who was called to Virginia City two months ago at the time of the death of her husband, has been detained in Nevada by a serious illness. It is not known how long it will be before she will be able to leave for home.

Dr. W. O. Smith and family returned yesterday after four weeks spent in the Yosemite Valley. The party is enthusiastic over the beauties of the valley and are planning to go there next year.

Mr. and Mrs. John S. Will and their son have returned to their Pacific avenue home after a month spent at Monte Rio.

Mrs. R. J. Teichau has returned to this city after a tour of Europe and is now staying with her daughter at 1273 Weber street.

Mr. and Mrs. George Voigt of Lafayette street, have returned to their home after a vacation at Camp Meeker.

Mr. and Mrs. Frederick T. Smith are now at Monterey. They are expected home during the first of the coming month.

Mr. and Mrs. C. C. Hughes have returned to their home on Cottage street after a stay in the Yosemite Valley. They were of a jolly party and report a fine vacation outing.

Mr. and Mrs. Arthur Wheeler have returned from Inverness where they went on their wedding trip. They are to reside in this city.

Miss Elva Barber has returned from Nevada and will leave the coming week to join her parents at Del Monte.

Mr. and Mrs. Will Fisher and their children have returned from their summer home at Brookdale.

Mrs. A. O. Gott returned yesterday from an outing spent at Sissons.

## PROHIBITIONISTS OUT IN EXTREME PLATFORM

LINCOLN, July 31.—Prohibitionists of Nebraska gathered here today in State convention and adopted an extreme platform of principles, demanding the "constitutional and statutory outlawry of liquor traffic."

Because of the new direct primary law, no candidates for State offices were nominated by the convention, and no candidates for judge of the Supreme Court will be nominated. The platform adopted today congratulated the reformers of the State and nation on victories already won in "educational, legislative and judicial warfare" upon the liquor traffic.

## NAMES MONTGOMERY FOR AGNEWS BOARD

SAN JOSE, July 31.—Dr. Fred W. Bangs today received a letter from Governor Gillett stating that he had appointed Thomas A. Montgomery of this city to fill the vacancy on the board of managers of the Agnews' Hospital for insane caused by the death of O. A. Hale. Montgomery has been the secretary of the board for several years.

## BACK FROM OUTING.

Sam Meyer, manager of the Olson Company of this city, and Mrs. Meyer have returned from a two weeks' visit to Camp Meeker, where they had a most enjoyable outing.

## WOMEN SUFFER

Many women suffer in silence and drift along from bad to worse, knowing well that they ought to have immediate assistance.

How many women do you know who are perfectly well and strong? The cause may be easily traced to some feminine derangement which manifests itself in depression of spirits, reluctance to go anywhere or do anything, backache, dragging sensations, dizziness, nervousness, and sleeplessness.

These symptoms are but warnings that there is danger ahead, and unless heeded, a life of suffering or a serious operation is the inevitable result. The best remedy for all these symptoms is

## Lydia E. Pinkham's Vegetable Compound

Made from native roots and herbs. No other medicine in the country has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female ills.

Miss J. F. Walsh, of 328 W. 34th St., New York City, writes: "Lydia E. Pinkham's Vegetable Compound has been of inestimable value in restoring my health. I suffered from female illness which caused dreadful headaches, dizziness, and dull pain in my back, but your medicine soon brought about a change in my general condition, built me up and made me perfectly well."

Lydia E. Pinkham's Vegetable Compound cures Female Complaints, Pimples, Eruptions, Falling and Displacements, Inflammation and Ulceration, and any kind of disease. It is invaluable in preparing for child-birth and during the Change of Life. It cures Nervous Prostration, Headache, General Debility, and invigorates the whole system.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, at Lynn, Mass. Her advice is free.

MISS JULIE FLORENCE WALSH

# SAID THAT GIRL WAS MURDERED

Telegram Was Framed to Throw Suspicion on Wrong Man.

The jury in the Laura Matthews case rendered a verdict that the deceased came to her death by a bullet wound inflicted with a pistol.

CHICAGO, July 31.—C. A. Coey who has been prominently mentioned in the newspapers following the suicide of Laura Matthews at Colorado Springs held a conference today with Mrs. Jennie Matthews, the mother of the girl who arrived here today from Kansas City.

At the conclusion of the interview both of them declared that in their opinion the girl had been murdered. Coey said he had traced the telegram alleged to have been sent to him by Miss Green, the nurse of Miss Matthews, and was sure she did not send it. He further said:

"I believe that Miss Matthews' death is a plain case of murder. In my opinion Rumbaugh committed the deed and sent a telegram calculated to cast suspicion on me as being the cause of the death. About ten days ago I wrote Miss Matthews a cheerful letter and she was talking of returning to Chicago. Rumbaugh was evidently afraid of losing the girl."

The opening of the afternoon session of the coroner's inquest, the letters written by Millionaire Coey of Chicago to Miss Matthews were read to the jury. The letters indicate that Coey was deeply in love with Miss Matthews at the time of writing. They abound with professions of love and were written in a manner calculated to carry with them conviction of the sincerity of the writer.

Such phrases as "I cannot get along without you," "I will live for you if I live for me," and "Life is short, so why not be with the one we love the most" are incorporated in the letters.

In nearly every letter Coey encouraged Miss Matthews to be "a good little girl," and come back to him with health restored.

## DECEIVED GIRL.

DENVER, Colo., July 31.—A special to the Denver Post from Mount Pleasant, Pa., says:

Amos Rumbaugh met Laura Matthews in Chicago two years ago while there on a business trip and fell desperately in love with her. He did not tell the girl that he was married and she did not discover it for many months.

In the meantime he showered costly presents upon her and did everything to win her. "I will get a divorce and we will marry," he told her.

Matthews accepted his attentions but told him she expected some day to marry Charles E. Coey, Rumbaugh's partner in business.

Matthews accepted his attentions but told him she expected some day to marry Charles E. Coey, Rumbaugh's partner in business. He was a wealthy man and had a fine home in Colorado Springs to join Miss Matthews.

## SUPERVISORS IN OFFICE

New Board Holds Its First Meeting Across the Bay.

SAN FRANCISCO, July 31.—With Mayor Edward R. Taylor in the chair for the first time the new board of supervisors met this afternoon. Twelve members were present. In marked contrast to the old board, which seldom got together within an hour of the time the new board was called together at 2:30 o'clock sharp, the hour set.

Clark Ryan, or some one less innocent, had apparently made a point to be on time for the first regular session by a touch of humor. The first item of business to come before the new board was a motion to return Ryan for being late at this impromptu session.

The motion was referred to the finance committee without so much as a smile from the poet mayor.

Mayor Taylor exercised his veto privilege today for the first time, sending back a bill providing for the repaving of Harrison street at a cost of \$45,000, on the ground of lack of funds.

## POLICE CHIEF TO FACE GOVERNOR'S CHARGES

KANSAS CITY, July 31.—There was a sensational turn here today in the police investigation of the case of John Hayes, whom Governor Folk recently charged with irregularities, was ordered to appear before the Board of Police Commissioners and answer charges of alleged corruption. The hearing will be had this afternoon.

As a result of the hearing, it is stated, Chief Hayes will be dismissed. Senior Captain John Brannan probably will be named as acting chief until some other man can be definitely determined upon for that position. Hayes has been chief for ten years.

The charges against him will involve his son, a lawyer, whom he is alleged to have aided in a police court case.

Chief Hayes denies any complicity in the case.

## ARMED DEPUTIES AND PARADE OF MINERS

HIBBING, Minn., July 31.—Six hundred striking miners assembled today at Hibbing and started out along the country road, planning to make such a demonstration of their strength as would induce the men working at the various locations in the district to quit work. Deputy Sheriff Magie and ten deputies armed with rifles met the men and ordered them back to town where they dispersed. Much larger crews were at work at all the mines today.

## BELIEVE MRS. MAGILL TOOK HER OWN LIFE

CLINTON, Ill., July 31.—The report of the medical experts who made an analysis of the contents of the stomach of Mrs. Magill, the first wife of Fred Magill, was received here today, and States Attorney Miller announced that the report is to the effect that Mrs. Magill died from chloroform poisoning.

The belief is growing here that Mrs. Magill did commit suicide.

## CANADIANS EXPECT TO HAVE TWO-CENT RATE

OTTAWA, Ont., July 31.—The railroad commission has ordered the Grand Trunk Railway to have third-class carriages put on its trains throughout the entire system in Canada, but gave it the right to appeal to the Supreme Court. This will mean a two-cent rate for Canadians.

## ARCHITECT HURT BY FALLING SCAFFOLD

BERKELEY, July 31.—Professor M. A. Buchanan, supervising architect of the Polytechnic school, was painfully but not seriously injured this morning at the building when he fell with a scaffold of steel to the ground.

Professor Buchanan and Inspector A. H. Broad were on a scaffold, which had not been properly braced, when it collapsed. Buchanan was bruised and scratched, and it was thought there were bones broken, but at the Roosevelt Hospital it was found all bones were intact. Inspector Broad was not hurt.

## BAKER ACQUITTED.

J. H. Baker, accused of assaulting Mary Francis of 2316 Tenth street, Berkeley, was acquitted by Judge Edgar this afternoon.

## FIGHT BULLETINS

THE TRIBUNE will display bulletins of the Britt-Nelson fight tonight in front of its Berkeley office, 2133 Center street. Every one is invited to call and get the news.

A complete bulletin service will also be established at Kreig & Holton's place, 1431 Park street, Alameda, where those interested in the fight can get all the news.

# GRAND JURY HEARS ABOUT ACTIONS OF GLASS JURY

Accused Juror Is Refused a Hearing by Foreman Oliver of the San Francisco Censors.

SAN FRANCISCO, July 31.—The grand jury went into session at 2:15 o'clock this afternoon. E. Rosenberg, an employee of the L. Levy company of 1130 Fillmore street, was one of the witnesses. Rosenberg says he was talking to Schuessel, one of the Glass jurors on Monday. He declined to state what the subject of the conversation was, but says that it was in reference to the Glass jury.

Another witness was M. Donahue, who keeps a saloon at Twenty-fifth and Valencia streets. Donahue has known Schuessel and his father for some time past.

A. Krus, L. H. Jacob and A. J. Steiss, all of the Pacific States Telephone and Telegraph Company, were in attendance in connection with the Zimmer matter.

The grand jury had hardly gone into session when Jacob Wertheimer, one of the Glass jurors who voted for acquittal, rushed in. He stated excitedly to Foreman Oliver that he desired an immediate investigation of the charges referred to in a morning paper regarding the statement made in connection with his wife's presence in court.

He stated that he came as a voluntary witness and ought to be heard. He says he has had no communication with his wife since going on the jury, and that one letter she brought for him was written in the presence of Judge Taylor and a deputy sheriff.

## GOOD CITIZEN.

Wertheimer says he has been a citizen of San Francisco for twenty years, and his reputation has never been called in question. He affirms that he voted in the election and that he was not influenced in any way.

Foreman Oliver told Mr. Wertheimer that it would be necessary for him to make a formal complaint and that the

## PLANET MARS NURSES NO LIFE, THINKS ASTRONOMER

Scientist Believes Great Red Star Lies in Atmosphere Too Frigid to Support Living Creature.

BERKELEY, July 31.—"Is the planet Mars inhabited? Is the question uppermost in your minds at this time. My answer to this is that I do not know, and that you know as much about it as I do. To my mind, however, it is exceedingly improbable that out of the hundreds of millions of little worlds in the universe, only one, the planet Earth, is inhabited, and yet it is not unlikely that all these worlds, ten thousand of them are suitable to sustain life. But, as I have often said, in temperatures cold as they are in frigid zones, and Mars is probably in this temperature, life almost ceases. On this point I can say no more, as astronomers are not given to guess work; neither do they jump at conclusions."

The above are the closing words of Professor Simon Newcomb, the eminent astronomer of the United States Naval Observatory, in a lecture delivered in Hearst hall last night on "Mars."

Every seat in the spacious auditorium was occupied and many were compelled to stand throughout the lecture.

At 6 o'clock Professor Reber, dean of the summer school, appeared on the platform and introduced the lecturer as "Simon Newcomb, America's foremost professor of science." An enthusiastic applause greeted the lecturer as he stepped to the front he was greeted enthusiastically by his audience.

## THE GREAT PLANET.

Professor Newcomb quickly launched into the subject of his most interesting lecture. He began by explaining that the brilliant red star in the southeast, which can be seen very plainly at this time, was the planet Mars. About three weeks ago the earth was directly opposite, between Mars and the sun, so as to cause Mars to rise when the sun set. The earth was closed to the planet at the time it has been for about fourteen years.

A stereoscopic view was then produced on the canvas, showing the relative orbits of the four planets closest to the sun, Mercury, Venus, the Earth and Mars. It was explained that it took Mars almost two of our years to travel around the sun, so that it will be in September of 1909 before the earth will catch up with that planet and be between it and the sun.

A martian day of the earth, Mars taking twenty-four hours and thirty-seven minutes to revolve upon its axis.

In seventeen years, explained the speaker, the two planets, Mars and the earth, would be in exactly the same position as they were three weeks ago, Mars going around its orbit nine times and the earth seventeen times.

## DISCOVERIES.

Professor Newcomb then took up the progress made in discoveries concerning the earth's neighbor. At the time the telescope was first invented Mars was only of which no one knew the nature. The speaker stated that it was not known why the planet had been named after the Grecian god of war, Mars.

Nearly three hundred years ago astronomers began to take greater notice of the planet and it was eventually discovered that it was a round body, such as the earth. As the planet did not present the same surface at each observation, it was at first supposed that it was covered with water and land, and that it was a globe. It was not until the invention of the telescope that it was found to be a planet.

## MONTEREY'S FORMER VICAR DIES IN LONDON

LOS ANGELES, July 31.—A cablegram was received by Bishop Thomas J. Connelley of Monterey announcing the death in London of Rev. Joaquin Adams, former vicar-general of the diocese of Monterey and vicar of the parish of Santa Cruz. He had started from Spain to California to pass the summer, but was stricken with heart trouble and died in London. He left here in 1855 for his native city of Barcelona, where he expected to live for some time.

# BARRYMORE IS DISAPPOINTED

Noted Actress Prevented From Appearing in Classic Play in Greek Theater.

BERKELEY, July 31.—Ethel Barrymore is not to have the desire of her heart gratified. Since coming to the coast it has been her ambition to present a classic drama in the Greek Theater.

But she will not have that opportunity this season. The concrete stage, the scene of the greatest artistic triumphs in the whole careers of Bernhardt and Maude Adams will not be the scene of a great triumph in the stage history of Ethel Barrymore—at least not this season.

Several circumstances have conspired to deprive Miss Barrymore of the privilege of playing to one of the great inspirational Greek Theater audiences. In the first place this is the dull summer season and it is doubtful if in this vacation time another audience as large as the one that greeted Maude Adams could be brought together here. Then Miss Barrymore has not yet demonstrated that she is equal to a classic Greek or French play and the museum and dramatic committee of the University will not permit the performance of anything but plays approaching the classic in that great theater in the hills.

Ethel Barrymore will return East without being able to say "I have played in the Greek Theater and am satisfied."

But the popular actress has by no means given up hope of getting an invitation from the University managers. Her ambition is to play classic roles rather than the light comedy parts in which she is now appearing.

## LODGE OFFICIATES AT W. G. WITTER FUNERAL

BERKELEY, July 31.—Durant Lodge No. 268, F. and A. M., conducted services this afternoon over the remains of the late Attorney Willis Guy Witter of 2801 Durant avenue, who died suddenly of heart failure in an Oakland cafe early Sunday morning. The lodge members convened in a body at Masonic Temple and then marched to the family residence, where the funeral was held. The Rev. John H. Lathrop delivered the funeral sermon.

The services were held at 2 o'clock. The body was then removed to the Mountain View cemetery, where the remains were cremated.

Many expressions of sorrow have been forwarded to the bereaved family by friends of Mr. Witter. These expressions contain many tributes to his kindly character.

## SUIT CASE IS STOLEN FROM OWNER'S SIDE

SAN FRANCISCO, July 31.—A. J. Chew of 500 Golden Gate avenue, stopped to buy a newspaper at the ferry news stand this morning, and placed his dress suit case by his side while making the purchase. When he returned to the stand, the case was gone. The case contained a new suit of clothes which it contained. Detectives Conlan and McGowan of the Harbor station have been searching all morning for the sneak thief.

## ing a perfect network on the planet's surface.

Another map of Lowell's showed Mars as seen when looking directly down at the south pole, showing numerous canals. The map illustrated a number of dark spots going from point to point. Lowell's theory was that these lines denoted a great system of irrigation made by inhabitants ages ago, owing to the scarcity of water on the planet. Lowell believed that these dark, irregular spots indicated green vegetation caused by irrigation.

## HEAT LIMITED.

Recent discoveries by exponents of physics make it possible to tell about what the temperature of the planet is. It is thought that Mars receives about one-half as much heat from the sun's rays as does the earth, and the extremely thin atmosphere which is supposed to envelope the planet causes scientists to surmise that the temperature is somewhat the same as that which continually exists in the Himalaya Mountains.

As water at this extremely cold temperature cannot melt for more than a very short time during the day, much doubt exists as to whether the lines discovered on the planet are canals.

Professor Newcomb's exact words on the vital point were as follows: "To say, as do some astronomers, that life in the universe is to be found only on the earth, I would say that life might be found in one out of ten thousand planets. As there are millions of planets it does not seem unreasonable to believe that life probably exists in ten thousand planets in the universe, even if Mars is not inhabited."

## SNOW WITHOUT CLOUDS.

Professor Newcomb explained how it could snow without clouds. No clouds are needed to form snow on a very cold surface. The surface, though, must be as cold as the temperature which is required to produce liquid air. Ice or snow, explained the speaker, will evaporate very slowly, without causing a vapor.

One illustration shown was that of Lowell's map which showed the canals to be narrower than those pictured by the Italian astronomer. The canals crossed and intercrossed, produc-

## GIRL KILLED BY FALL HAD HEART TROUBLE

An autopsy was held at the morgue this morning over the body of Miss Lottie La Motte, who died on Monday night as the result of a fall while she was skating in the Lakeside rink. It was decided that her death resulted from pericarditis superinduced by the shock of the fall and by a hearty meal which she had eaten just prior to her visit to the skating rink.

Miss La Motte was 25 years of age, and was employed as a clerk at Capwell's Lace House. She resided with her sister, Mrs. C. M. Cook, at 1201 Eleventh avenue.

Miss La Motte came to Oakland from Sacramento where she lived. A brother, Eugene La Motte, lives in Reno and three sisters, Mrs. C. M. Cook, Mrs. F. B. Waterman and Miss Josephine La Motte live in Oakland.

# ALLIGED STANFORD PLOT TO DETHRONE DR. JORDAN

Opposition Is Said to Be Headed by Professor Frank Angel, Who Seeks Honor for Himself.

SAN JOSE, July 31.—President David Starr Jordan of Stanford University has a fight ahead to prevent himself from becoming a mere figurehead, according to gossip in faculty circles. It is said the academic council at the university is controlled by a coterie of professors, which is hostile to him, and opposed the measure which he wishes to see adopted. It is alleged that the opposition is headed by Prof. Frank Angel, head of the department of psychology at Stanford, who, it is claimed, wishes to oust Jordan and secure the presidency for himself.

This is the situation at Stanford, according to Dr. A. H. Gussak, formerly professor of education there, who has recently accepted a professorship at Columbia. The principal charge which Dr. Gussak

SAN BERNARDINO, July 31.—Albert Harkis of Jefferson Park, Chicago, eloped with pretty Miss Luella Dietcher, one of San Bernardino's society girls, but before he could claim her he had to run the gamut of Mrs. G. M. Dietcher, the girl's mother, and her brother, Frank, both of whom attacked him, and but for the interference of the girl he would have been badly handled.

Four weeks ago Harkis introduced himself at the Dietcher household, claiming to have been told by the elder Dietcher, who is employed in Chicago, to look up his family here, they having

makes against Professor Angel is that the latter has been playing a double game, posing to Dr. Jordan as his friend, while at the same time he has been endeavoring to undermine Jordan's popularity among the students.

The underlying cause of the alleged opposition to Jordan in the Stanford faculty is attributed to the fact that the professors have felt that their salaries were too low and that they were not allowed sufficient freedom of expression. This feeling had its origin, it is said, in the arbitrary dismissal of Professor Ross some years ago and was made stronger by the treatment of Professor Julius Gobel in the summer of 1906. The general feeling of the faculty is that within the next few months which will leave an impression on the university almost as lasting as that left by the great earthquake.

## Big Officer Swamps Timid Woman Bathers

ALAMEDA, July 31.—Advisers received from Santa Cruz tell of a queer experience to which Policeman Tom Schepst, an 850 pound member of the local fire force, was subjected. When the officer made a high dive in the tank he caused such a flood tide that two women, learning to swim, were almost drowned by the huge waves that engulfed them. The attendants at the plunge compelled the policeman to refrain from high diving. Officer Schepst is a delegate to the Red Men's convention, and now in season.

He was revived at the Receiving Hospital by Dr. Kofors, who said that he was a Chinese, but cannot account for his attempt to suicide, except that he had pains in his head and stomach.

# HIS CLOTHES CAUGHT FIRE

Policeman Bock Narrowly Escapes Death From Flames at Howard Springs.

HOWARD SPRINGS, July 31.—Arthur G. Bock, a policeman from Oakland, who is spending his vacation in Lake county, narrowly escaped being burned to death a few mornings ago. Bock and his friend Pollard were riding in a buggy when, from some unexplained cause, Bock's coat suddenly became a mass of flames. Pollard assisted in extinguishing the flames. Bock's linen duster was totally destroyed and his coat was burned through both laps. His necktie was also burned beyond recognition.

Pollard was severely burned while saving his friend. Neither Bock nor Pollard were smoking at the time, nor had they been while driving. It is supposed that a spark from an after-breakfast cigar had lodged between the laps of his coat and had been smoldering there for hours.

## ADMITS HOLD-UP, BUT DENIES DOING MURDER

BUTTE, Mont., July 31.—George Tower, under arrest here for complicity in the hold-up of the ferry steamer Piedmont on the Northern Pacific May 7 and the murder of Engineer Clay today confessed knowledge of the crime. He says the murder to a suspect held at Columbia River, Oregon.

## Big Officer Swamps Timid Woman Bathers

ALAMEDA, July 31.—Advisers received from Santa Cruz tell of a queer experience to which Policeman Tom Schepst, an 850 pound member of the local fire force, was subjected. When the officer made a high dive in the tank he caused such a flood tide that two women, learning to swim, were almost drowned by the huge waves that engulfed them. The attendants at the plunge compelled the policeman to refrain from high diving. Officer Schepst is a delegate to the Red Men's convention, and now in season.

## ATTEMPTS SUICIDE

Chung Toy, a Chinaman, in a fit of temporary insanity, jumped from the deck of the ferry steamer Piedmont yesterday afternoon as it was going from the city to Oakland. The boat was stopped off Goat Island and the Celestial was rescued by the ferry's crew. He was revived at the Receiving Hospital by Dr. Kofors, who said that he was a Chinese, but cannot account for his attempt to suicide, except that he had pains in his head and stomach.

# CARRIES SIX SHOOTER IN STOCKING; DEAD SHOT

Redwood City Real Estate Dealer Wants Woman Arrested for Threatening to Take His Life.

REDWOOD CITY, July 31.—Declaring that his life was threatened hourly and that he dared not approach his place of business for fear of being shot down by Mrs. Augusta Titus, an aged and well-known character of this town, C. G. Landschelt, the manager of the Redwood City Realty Company, appeared before Justice Hannon yesterday and demanded that the woman be locked up. He said that Mrs. Titus carried a six shooter in her stocking and had threatened to make an example of him for all real estate dealers, who, she believed, were trying to cheat her out of her property.

"I don't want to be made a pistol target in the streets of Redwood," protested Landschelt. "Within the next hour a half dozen people may be shot down by this woman. Only five minutes ago she appeared in my private office and threatened my life. I am a dead shot," she said, "and I will shoot you if you rent my property. It is not for sale and not for rent. I will improve my property and do as I like."

Justice Hannon issued a warrant for the arrest of Mrs. Titus, but Sheriff Chatham has not yet served it.

Landschelt sold Mrs. Titus' property to three local merchants under the direction of her brother, who is said to have held the title. More than a month ago the aged woman was hailed into court by the new owners, who declared that she was wrecking on the property. The case was dismissed as Mrs. Titus was believed to be incompetent, and she was allowed to remain in control.

# ALLENDALE TO GIVE BARBECUE

Citizens' Club Has Arranged to Celebrate Opening of Electric Line.

ALLENDALE, July 31.—The Citizens' club of Allendale is making extensive preparations for the celebration of the opening of the electric line to Allendale tomorrow. Supervisor Bridge and Secretary Kergendahl have arranged today for a special car, decorated in bunting, to go over all the routes of the Oakland Traction company with a band of music, to notify the citizens of this section that Allendale is on the map. The members of the Chamber of Commerce are invited to attend the barbecue to be held at the end of the line at Lisa avenue, Thursday afternoon, at 5:30 o'clock.

## TELEPHONE POLE IS FIFE'S UNDOING

Policeman Fife has been installed as telephone operator in the central office booking station, and he is in the station alive at that. Last Monday morning Fife just missed splitting his head open against a telephone pole on Twelfth street dam, when his bicycle wheel lost a tire and threw him headlong, as he was traveling at a speed of twenty-five miles an hour.

Fife's neck struck against a side of the telephone post with such force as to stiffen the cords and knock him insensible for a few minutes. One of his hands played along the pavement with resultant bruises. The ligaments of his left leg were loosened from its bone, hence now Fife must walk with the aid of a cane and as little as possible. That is why Fife has been assigned to inside duty.

Policeman Powers has been assigned to drive the police patrol auto while the regular driver is on a vacation.

## BOY IS MISSING.

Wanted—Information concerning the whereabouts of Manuel de Alivera, 10 years of age, last seen, no teeth in front. Manuel ran away from the home of his father, Tony de Alivera, of Fruitvale, on July 14, and his distracted parent has had no news of him since. De Alivera, Senior, furnished the police the above description of his son.

## SCORCHING AUTOS FROWNED UPON

SAN FRANCISCO, July 31.—Automobiles will find that Sutter street can no longer be a highway for their scorching. Officer P. B. Allen, on a motor-cycle, has been playing havoc in the ranks of the chauffeurs, and yesterday arrested Harvey B. Andrews, George Fortender and Keith McClatchy for violating the fast driving ordinance.

The three men appeared in Judge Bartlett's court this morning. The two former being dismissed with a reprimand, while McClatchy was fined \$10, as it was his second offense. His other misdemeanors that the machines were being run at a rate of twenty miles an hour while the law fixes eight miles as the maximum.

The San Francisco Real Estate Board has joined the opposition to the erection of a Guggenheim ore smelter at Baden. At a recent meeting the board adopted a resolution strongly condemning the proposed plant, on the ground that if its operation is tolerated its noxious fumes will menace vegetable and animal life in San Francisco. The realty board has, moreover, appealed to the Supervisors and the Park Commissioners to join in the movement which was started some time ago by the San Leandro Board of Town Trustees for the suppression of the works. The San Leandro board recognized early the danger which threatened the rich and extensive fruit belt on the western side of this county if a smelter were operated on the opposite shore of the bay and its deadly fumes wafted hitherward by the prevailing winds. The latter will surely follow the operation of the works, and it will produce the same scene of desolation within a radius of twenty or twenty-five miles of its site that has been produced in Shasta county through the operation of the copper smelters there. In that county all vegetable life has been destroyed by the arsenical and sulphurous fumes emitted from the stacks of the smelters for a much greater distance than is now being locally located from the Baden smelter.

Prevention is infinitely better than it is to prevent it at the time it is to be operated, opposition late, for the damage will have been done. The fruit-growers of Alameda county property which are threatened by the smelter fumes on plant and animal life are determined experimentally to determine experimentally their damage to be had elsewhere.

The Supreme Court is to be business with which it has unanimously sustained the validity of the park bonds issued by this city. There was never a reasonable doubt in the minds of any one concerned but that such a result would be obtained. It was deemed safer, however, to have the status of the bonds judicially determined before making an attempt to negotiate them. The validity of the park bonds having been established, their value has been enhanced and there is sure to be keener competition among investors in such securities for their possession. After they shall have been sold, the next thing in order will be the official acquisition of the properties involved in the bond propositions which the public approved and their improvement as speedily as possible with the money at the command of the Board of Public Works for that purpose. If the Board of Public Works is as expeditious in utilizing the money obtainable from the bonds as the Supreme Court has been in establishing their validity, the benefits derivable from the incurrence of the municipal indebtedness will soon be in evidence. There is every reason to believe that the board will act in this matter with its customary vigor and push.

While the United States government has no direct collateral interest in the Congo country, such as some of the leading European powers have which exercise jurisdiction over contiguous territory, which would warrant its interference in any manner with the misrule of its millions of native inhabitants by King Leopold of Belgium and his agents, the voice of humanity cries loudly upon it to exert its influence in some form or other to mitigate the evils which everything positively indicates exist in that benighted State. Leopold is one of the most mercenary of modern monarchs, and he is exploiting the Congo country and its people for all the commercial gain he can wring out of them. Harrowing tales of the commission of the grossest atrocities continue to pour out of the country, for which Leopold, as the ruler of the Congo State, is held solely responsible.

With brazen effrontery Leopold has sustained his agents and has defied the powers of Europe to interfere by practically asking them, "What are you going to do about it?" But the British conscience has apparently been partially awakened by the cries of the helpless blacks for relief and the appeals which the humanitarians who have interested themselves in the condition of the Congo State have made to the civilized nations of the earth to intercede in their behalf. The other day its voice was heard in the House of Lords when Lord Monckswell raised the Congo question and declared that "the system of government in the Independent State is one of un-restrained tyranny, enforced by the lash and the bullet, by cruelty and by murder." However the time does not seem to be ripe for even Great Britain to intercede, as the Under Secretary of State, in reply to Monckswell's motion for the submission of the government's correspondence on the subject, in order that Parliament might base intervention on its contents, declared that the matter was surrounded with such grave difficulties that any sudden, rash action at present might do more harm than good. Leopold has adopted the tactics of the Sultan of Turkey when starting against foreign powers for the

his dominions, by playing the confirming his title to the Congo ray to excite their respective intervention by either would probably of the greatest magnitude would be able to forecast. Thus by Monkswell to lay the foundation was promptly withdrawn and ceased to continue his atrocities in Central African kingdom.

Down in Indiana the other day Senator James A. Hemenway of that State, celebrated his forty-seventh birthday. An old neighbor who has known the statesman all his life said to him: "Jim, I can remember when you were a newsboy hawking Bloopville and used to sell me papers, and I didn't see any senatorial possibilities sticking out on you then. How did you get up to the Senate, anyhow?" "You saw me working and hustling then didn't you?" inquired the senator, adding: "That's the only way I can answer your question."

## 'OLD GLORY' IS PRESENTED JULY 4TH PRIZE WINNERS

Senator Perkins, Congressman Knowland  
and Other Local Citizens Express  
Devotion to the Old Flag.

With words of praise and patriotism, the prize bags won by the best decorated store fronts during the Fourth of July celebration, were presented to the winners last night by United States Senator George C. Perkins for the Fourth of July celebration committee. The pretty rooms of the Merchants' Exchange were well thronged when Chairman G. W. Arper arose, and told of what the committee had accomplished by the last Fourth of July celebration held here in this city, and what it meant when inhabitants of the adjacent cities and country were attracted here by the thousands to witness and participate in the events which went to mark the celebration of the glorious day.

Senator Perkins used a few words in the presentation of the banners. He gave a brief history of the flag, and in closing said that it should always stand for law and order, and while it is the people's right to choose their leaders, it is the people's duty to elect those who will not break these laws.

**FIRST PRIZE.**  
Addressing the John Bruner Company, winner of the first prize, Emil Lehnhardt, second prize, and Clark Bros., third prize, Senator Perkins said:

"Take these as a gift of more value than any gold that the citizens of Oakland could bequeath to you."  
Fred H. Drake thanked the committee on behalf of the John Bruner Company, who received the silk banner which cost \$50.  
Emil Lehnhardt, candy and ice cream manufacturer, personally extended his thanks for the prize which is a silk flag valued at \$25.  
The appreciation of Clark Brothers, florists, was voiced by F. S. Clark.  
"What the Mexican war veterans did for the flag," was ably told by Major Edwin A. Sherman, who is one of the oldest veterans of the war that gained the State of California and other vast territory for the United States from Mexico. The aged veteran and officer told of his connection with the army of which he remained.

toward Japan during its recent war and it still is in that direction."  
**KNOWLAND SPEAKS.**  
Congressman Joseph R. Knowland told the meeting of the extensive influence of the flag. He told how it floats over the thousands of school children in the United States and its territories across the sea. The congressman said the flag invigorates the pupils who attend the schools over which it flies.  
Mayor Frank E. Mott heartily thanked and congratulated the committee for the success of the celebration. He said that our own people were more than satisfied. The mayor expressed his pleasure over the Lake Merritt part of the celebration where he spent the greater part of the day and evening.  
"This stands to show us that we are not making a mistake in purchasing this land adjoining the lake," said the mayor in referring to the Supreme Court decision yesterday confirming the validity of the bonds recently issued by the city with which the park sites will be purchased.  
Councilmen H. J. Burns and Oliver Ellsworth also added a few words to the meeting. They spoke in favor of progress, which they declare to be their one aim.  
In closing the speaking for the evening, Secretary Wilbur Walker concluded the remarks, telling how harmonious the work of the celebration committee had been and how grateful the committee feels towards the business men and citizens generally of Oakland.  
Refreshments were served before the gathering disbanded.

## WILL BREW SOY FOR JAPANESE PATRONS

Articles incorporating the North American Soy Brewing Company were filed with the County Clerk yesterday. The company purposes to brew soy, a native Japanese drink, for the consumption of Japanese colonies about the bay. It is capitalized at \$5000, of which sum \$3000 has been subscribed. The directors are Uhe Zuzuki, Junne Mayeda and Gintaro Kadowaki, all of San Francisco. A plant is to be erected at Fruitvale.

## SUES FOR DIVORCE

Suit for divorce was brought this morning by Ethyl M. Merritt against Harry W. Merritt on the grounds of desertion. The couple have no children.

## Santa Clara's Passion Play

The "Nazareth" of California's Oberammergau, a production of Beauty, Power and Reverence is described in an intensely interesting story, written by Charles Warren Stoddard, illustrated by a photograph in the August number of Sunset Magazine.  
Women with pale, colorless faces, who had been and become very pale, had been and become very pale by using Clara's Skin Film, which are made for the blood, nerves and complexion.

## DESERTED BY RIDE; SUED FOR MOTOR CAR SWINDLE

Young Society Man Accused of Obtaining  
Automobile by False Pretenses to  
Go on Honeymoon Trip.

SAN FRANCISCO, July 31.—Before very long Bernardo Y. Shorb, the young society man who has been deserted by his twenty-six days' bride, may have to answer to a charge of obtaining an automobile under false pretenses from the General Motor Car Company. Shorb and his bride took their honeymoon trip in the machine, which never paid for.

Attorney Herbert Choyinski yesterday applied to Police Judge Shortall for a warrant for the young man's arrest, alleging that Shorb purchased the motor car but failed to make good for its price. Choyinski said that on the morning of the wedding Shorb strolled majestically into the showroom of the General Motor Car Company and picked out a \$3000 car. "I am going on my honeymoon trip in this," the young man was credited with having said. "Here, I will O. K. the bill. Just take it around to John H. Sheehan's office and it will be paid."

Shorb was so businesslike in his speech that the salesman granted his request. When the society man jumped into the car and chugged to the Fairmont Hotel, where he picked up his bride-to-be and took her riding.

**REFUSES TO PAY.**  
The bill for the machine was presented at Sheehan's office, but Sheehan refused to pay it. The salesman, learning that young Shorb had taken his bride to Del Monte, hurried to the hotel. Choyinski was also stopping there and the salesman explained the situation to him. Choyinski at once confronted Shorb and the

young man was not at all ruffled or abashed.

"Why, you have made a mistake," he said in an off-hand sort of way. "You presented the bill to the wrong Mr. Sheehan. Take it back to the other one and he will settle immediately."

Again the matter of fact speech of Shorb saved him, and the salesman, acting on Choyinski's advice, returned to the city and again presented the bill. But the cash was not forthcoming. Mr. Sheehan knew nothing about it, so the salesman went away disappointed once more.

The automobile people, not wishing to make it too unpleasant for the young people in the midst of their honeymoon, appealed to Shorb's friends and the matter was temporarily fixed up and the machine was returned to the garage with the understanding that \$200 for its wear and tear would be paid in due time.

**BRIDE HAS LEFT HIM.**

The bill is still unpaid, however, and Choyinski, tired of the delay, decided to lay the matter before the court. Learning that the young man's bride had left him, and that he would not injure his feelings by the act, Choyinski applied for a warrant for Shorb's arrest on a charge of obtaining goods under false pretenses.

Attorney Troy, representing Shorb, asked that the case be continued, and Judge Shortall decided to put it over until this afternoon at 2 o'clock. Choyinski says he will prosecute Shorb to the full extent of the law. He says he does not care so much for the wear and tear to the machine as for the methods Shorb used, which, he declares, are criminal and should be punished.

## FATAL MISTAKE OF HENDRIKSEN

SAN FRANCISCO, July 31.—With the words, "That was the fatal mistake," Captain Birmingham yesterday laid the blame for the Columbia disaster on the chief mate of the San Pedro, B. Hendriksen, who was on the bridge, and whose failure to heed the signals of the passenger steamer resulted in the collision.

The entire session of the court of investigation yesterday was given to the examination of the San Pedro's officers. Captain Hanson completely exonerated himself from the charge of willful neglect to save lives, and Chief Mate Hendriksen was forced to admit that, though he heard the fog signals of the Columbia, he did not slow up, and did not give any passing signal in response to that of the Columbia.

It is further admitted by the mate that he turned his helm hard to port, though the Columbia's whistles gave the starboard signal, and that he blew none but the customary fog signal until he saw the Columbia looming half a ship's length away, when he gave the four quick danger blasts.

In Hendriksen's written report he says that he blew one prolonged blast to indicate that his helm was astern and that the two blasts of the Columbia whistle were in response, and in his testimony yesterday he admitted that the long blast was nothing but a fog signal, such as he had been blowing for a long time.

## ARE TO WED ON AUGUST 3

The engagement is announced today of Miss Mathilde Fritsch and Gilbert Philip Standish Haley. The further news that the wedding will take place Saturday, August 3, will come as a surprise to the friends of the young couple.

The bride is an attractive girl with a host of friends in this city where she has made her home for many years. She is the daughter of Emil Fritsch. The wedding will be solemnized at the home of the bride at 241 Orange street, in the presence of a few relatives and close friends. The marriage service will be read by the Rev. Mr. McBurney of the Christian Science church.

After a honeymoon trip the couple will reside in Vernon street, where a pretty home awaits them.

**JEROME INVESTIGATES ARMENIAN PLOTTERS**

NEW YORK, July 31.—District Attorney Jerome has taken personal charge of the investigation into the plots of the Armenian blacksmiths, led to the assassination of H. S. Tavahjian. A trunk is reported to have been found in Lowell, Mass., where the blacksmiths lived, is said to contain papers revealing the plot.

The blackmailing letters demanded sums ranging from \$10,000 to \$25,000.

## GREAT STRUGGLE LOOKED FOR AT AUDITORIUM TONIGHT

**WHAT THE SPIDER THINKS.**

LOOK FOR BRITT TO WIN OVER NELSON TONIGHT. HE IS THE DANE'S MASTER AT THE GAME OF SCIENCE, AND I BELIEVE THAT SCIENCE WILL TRIUMPH TONIGHT. I KNOW BRITT'S CONDITION THOUGH. HE IS AS CLEAN DRAWN AS A THOROUGHbred, AND AS STRONG AND WILLING AS A BULL. NOW, HE WILL WIN. "SPIDER KELLY."

### BASEBALL GOSSIP

Americans after a century of Mammonism are beginning to learn that possession of money does not mean success or happiness.

Baseball writers should begin to learn that pennant winning does not mean great or successful baseball.

America is a young nation. She was a short time back like a very young man, or a girl graduate. No one could tell her anything. Was she not big and strong and powerful? She had not yet tried the world. Like the boy of 21, she knew it all.

So did Greece, Spain, Rome and other empires of yesterday's world. Thousands of years ago they were young men.

America was the nation of progress and enlightenment. Suddenly she woke up and found that she was a great stumbling giantess, mismanaged, her cities and towns behind some of the countries she despised so much.

In practice of government, in application of laws, in administration of finances she found herself a "mere sucker" plundered and pillaged and not having sense enough to know it.

So we have been accustomed to live at the Irish, the English and the Germans in their calm way of taking sport, their "let-very-good-alone-way" of doing things.

It seems that an application of this sort of temper would do a lot of good in American sport.

In most cities they are inexorable about having a winning team.

We have been told in Cleveland, Baltimore, Chicago and Boston that the winning of pennants means a loss of baseball interest. They are like the meowing baby, who won't be happy until he gets a cake of soap and chews it.

The get it! They get it! It means winning everything in this world! They, the victory, everything! Two thousand years ago there came out of a carpenter's shop in Nazareth a man who felt sorry for people with money, who advised the rich young man to sell all he had and follow him to the land of the good of the poor, but for the good of himself.

He did not parade as a king and a conqueror, as a victor and triumph, but associated with fisher folk, and loved the unsuccessful, the weak and the stammering. And he left the world its greatest symbol, and even infidels have acknowledged him the first gentleman and the wisest man of all the ages.

Winning baseball. Success! Kill yourself! What a terrible thing! What an entirely new and thoroughly delicate American philosophy!

What is the difference? Let ball be pleasant, pretty played, well hit, well run, well caught, and the English will see a fair game. The game's the thing, not the winning or losing thereof.

Baseball writers are they cry in the world. "Win, win, win!" they cry. Never mind how you win. Win! Win! Win! What an entirely new and thoroughly delicate American philosophy!

BILLY NOLAN BATTLING NELSON JIMMY BRITT SPIDER KELLY

### BATTLING NELSON IS THE FAVORITE IN THE BETTING

#### Durable Dane Is a 6-10 Chance Against the Game Little Native Son of the Golden West.

Joe Gans, the champion lightweight of the world and the prospective opponent of the winner of tonight's fight, is of the opinion that "Battling" Nelson will win. Joe says he would much prefer to see Britt win the contest, but can't figure him. Gans has bet \$1000 against \$700 that the "Battler" wins.

By EDDIE SMITH.

The men who are wagering their money on tonight's fight have made Battling Nelson, the sturdy Dane, a 10 to 6 favorite, and the Britt money is not coming fast enough at that figure to warrant the rumor that the betting will be heavy.

Britt has made a small wager on himself, and although this has often been said before other fights, it is really the first time that the native son has ever bet anything on his chances.

The men who are figuring the odds for a winner are the ones who are playing Nelson, for on the one he certainly figures to win.

In the first Britt fight, he fought under difficulty, and although Britt received the decision at the end of the twenty rounds, in which he had a slight lead on points, the Dane has never been satisfied.

In this fight it is claimed that the referee worked a hardship on the Battler, by stepping between the men as often as they came together. This, it is claimed, is the cause of his defeat.

In the second contest the Dane was up and going at all times, and although Britt met him in the center of the ring at all times and fought him every inch of the going, the Battler was a sure winner from the first round to the eighteenth, when he put the game Britt down for the count.

The dopsters have also spent considerable time on the figuring of the betting, that each has received and how they will be able to stand up under the coming beating, for, no matter which of the contestants in tonight's fight is the lucky one, he will know that he is or has been in a fix.

Nelson was beaten by Joe Gans at Goldfield in a forty-two-round contest until the Battler or his friends would not know him. He fought gamely on, however, and although he lost the decision on a foul, he is confident that he won the fight on the level and that he was robbed by the referee.

The beating that he received was a severe one, the marks of which will never leave his face. The fact that he went on and in his opinion knocked Gans down with a clean punch to the stomach, has left him with the same confidence that he can beat the negro or any other fighter living, that he had before the fight came off.

This is a great factor in the coming fight, as it is claimed that the beating that Gans gave the Dane will work a hardship on his chances in the coming fight. If Gans had knocked the Battler down for the count.

Correspondence comes from Jamestown, Va., while Jimmy stole his first base, and did his early coaching in San Francisco south of the slot.

Kid Mohler wreathed a tendon on his big legs in trying to stop a high one, and try to stop him from the bench in his place. Mohler was rather severely injured and he may be out of the game for a couple of weeks.

### Reproachless Wins His Race

CLEVELAND, July 31.—The first day's racing of the Grand Circuit here yesterday was characterized by a good crowd and some fine sport.

One of the features of the day was the fact that Gear's horses entered in three races were distanced. None of the veteran's charges seemed to set right for him. Favorites lost every race. Carl took his race easily.

Reproachless had little difficulty in annexing the 2:13 pace. Blacklock made his debut by winning the 2:07 pace. Lotta took the 2:13 trot from a field of sixteen. Summary: 2:13 pace, trotting, purse, \$1000; three heats. Carlo, blk. g. by Belmont (J. Dickerson).....1 2 1 Margaret O., b. m. (Davis).....4 2 1 Code Ro., n. o. (A. ### CARNES' GREAT PITCHING WINS GAME FOR OAKLAND

#### New Recruit Lets Seals Down With Two Hits and Fans Nine of Their Batsmen; Devereaux a Feature.

By T. P. MAGILLIGAN.

STANDING OF THE CLUBS.

Club	W.	L.	Pct.
Los Angeles	58	44	.569
San Francisco	50	51	.538
Oakland	47	55	.509
Portland	39	63	.382

With Carnes pitching a well nigh perfect game of baseball and Brick Devereaux, humming Kanaka war whoops in the shell like ear of B. Joy, our Princes won yesterday's game at Freeman's Park from San Francisco by a score of 3 to 0. The best Tuesday afternoon game of the season watched us harass the enemy, and cheered and bawled at Devereaux's cute way of saying cunning things to the guileless Mr. Joy.

Bailey was in good enough form, but not even a Mathewson could have worked better than did Carnes.

Carnes sprung a new curve yesterday. He calls it his Yuma Dust Burner.

This young gent is from Yuma, Ariz. It's a pretty hot place, and Carnes is a pretty hot pitcher.

He learned how to curve the ball by throwing desert shells, i. e., boulders, at the desert rabbits. This is how he got his control also.

Any time a rabbit or prairie dog stuck its head out of its warren and Carnes was on the job he generally picked up a popple and hit the offending creature on the bean, causing it to have a cataplectic fit.

No wonder the Seals couldn't stand up against that kind of hurling.

Brick Devereaux amused the fans by "kidding" poor Barney Joy. "Bunny, Bunny, Piggy, Wiggy, watche, patche, Kallee, masherger" was some of the hot verbiage that Devereaux, citizen of Raspberry Hill, tossed at Joy.

We're not hep to what the language means, but we guess Joy caught the signal, for he went up in the air after Devereaux hurled those words at him.

Strictly speaking the game was a pitcher's duel in which Willie Seale had first base. Willie seems to have a master mind. Anyhow, he does not coach aloud. He simply squats near first base, concentrates his thoughts on the opposing pitcher, and that gent's mental collar usually explodes.

Great system this. No one knows where tonight's pitcher picked it up but he's got it, works it, and that helps largely.

Strictly speaking the game was a pitcher's duel in which Barney Joy was pitched and appeared to death by Carnes, the Yuma Hot Boy. Carnes allowed the visitors only two hits and his speed so confused the minds of the Seals that none of them fanned.

He has a rather deceptive motion, and he has both speed and curves. All these qualities combined make him a rather useful man, and it looks as though Van got the better of the trade when Rainey was exchanged for the Yuma Hot Boy.

Oakland won the game right off the reel. One down Van Halgren walked, and he stole second. This steal was worth the price of admission. Until Van dug his foot into that bag in the opener yesterday we thought that the art of base sliding was lost. But since that slide we have taken courage. If Van could only teach that slide to some of the other Oakland players we might get away with more games.

Helmuth followed Van and flew to Spencer, but the ever reliable Truck Egan followed with a single scoring Van Halgren.

Two runs in the fifth Devereaux smashed the pill for a triple. Then he began to talk to Joy and Barney began to study astronomy. He walked Carnes, who stole second, then walked Smith and Van Halgren, forcing a run across.

A free pass to Bliss in the ninth coupled with sacrifice hits by Bigbie and Haley, and Devereaux's infatigable netted

Los Angeles, July 31.—Only the cream of the entries in the Ocean Park Country Club lawn tennis tournament now remain. The process of elimination has weeded out the weaker players, and from now until the end of the tournament some excellent playing should result.

Eight players remain in the singles and they are all good men. As far as the singles event, there have been no upsets. Mel Long has his hands full in putting A. V. Duncan out of the running, the match being finally won by Long by the score of 6-3, 6-4.

Four matches in the men's singles which the winner will play tomorrow. The first one scheduled is between Tom Browne and Alphonse Bell.

It is to be deplored that Long and Gardner have to meet so early in the tournament because one of the best players in the country, Harry Rogers, and Simeon, both of whom have been playing very hard-fought matches, will be the result of the third match between the two.

The women's events were started today and some very good playing was done by the girls.

Florence Sutton had little trouble in winning her first match against Sadie Bundy.

### San Jose Holds Boxing Carnival

SAN JOSE, July 31.—The opening show of the National Athletic Association of this city was held here last night. Five four-round bouts were down for decision, and a nice attendance was present when the first pair of boys donned the mitts. Billy Roche refereed, and with the exception of his decision in the Antonio La Grave-Danny Lewis contest his decisions were highly satisfactory.

The main event between Jack McFadden and Joe Leahy went four rounds to a draw. Leahy had the better of the fight at the beginning, but McFadden won the final round. The other fights resulted as follows: Eddie Young vs. Eddie Howe, a draw; George Cooper vs. Eddie Lynch, decision to Lynch; Joe Kane vs. Eddie Webber, decision to Kane; Antonio La Grave vs. Danny Lewis, decision to La Grave.

**STATEMENT BY NOLAN.**

"IF I DIDN'T THINK THAT NELSON COULD WIN, I WOULD NEVER LET HIM FIGHT BRITT. HE'S GOT IT ON BRITT, AND HE WILL KNOCK JAMES EDWARD OUT TONIGHT."

"IF I DIDN'T THINK THAT HE COULD BEAT BRITT I WOULD NEVER HAVE MATCHED HIM WITH THE NATIVE SON. NELSON WILL WIN OVER THE KNOCK OUT ROUTE."

"BILL" NOLAN.

### Tennis Tourney Nearing an End

SAN JOSE, July 31.—Only the cream of the entries in the Ocean Park Country Club lawn tennis tournament now remain. The process of elimination has weeded out the weaker players, and from now until the end of the tournament some excellent playing should result.

Eight players remain in the singles and they are all good men. As far as the singles event, there have been no upsets. Mel Long has his hands full in putting A. V. Duncan out of the running, the match being finally won by Long by the score of 6-3, 6-4.

Four matches in the men's singles which the winner will play tomorrow. The first one scheduled is between Tom Browne and Alphonse Bell.

It is to be deplored that Long and Gardner have to meet so early in the tournament because one of the best players in the country, Harry Rogers, and Simeon, both of whom have been playing very hard-fought matches, will be the result of the third match between the two.

The women's events were started today and some very good playing was done by the girls.

Florence Sutton had little trouble in winning her first match against Sadie Bundy.

### Amateur Baseball

The A. G. Spaulding Brothers' baseball team crossed bats with the Wyoming Stars last Sunday and defeated them by a score of 5 to 2. The game was called off in the eighth inning, as we had to give up the grounds. The game was fast and full of pretty plays. Welch pitched good ball for the Spauldings, and also knocked a home run. The Spauldings will play the Wyoming game in the near future, because this game was called in the eighth inning. The Spauldings have won two out of three games already from them.

The Spauldings challenge any team averaging 17 years. Address all challenges to E. Martin, 1309 Twelfth avenue, East Oakland.

The Dupont Powder Works beat the Jackson Furniture Company baseball team last Sunday at Freeman's Park by a score of 5 to 2. The large crowd present enjoyed the game, as both teams played clean ball. The Jacksons played a ragged game and have themselves to blame for their defeat. Wilson pitched a nice game, but had no support. Gagnevo played his usual good game at first. Fine pitched a good game for the Duponts. Robinson played a phenomenal game at short and robbed the Jacksons of many hits. He was also there with the stick and did much to help the Duponts with their game. Left Fielder Socker also played a good game. These teams will meet again in the near future and a good game is looked for.

The Relays, San Francisco's fastest amateurs, are open on August 11 and will arrange with any fast country teams. Address or wire at once to E. Schwartz, 1424 Chestnut street, Oakland.

**Bartenders Would Cease Present Affiliation With Cooks and Waiters' Union.**  
The bartenders of this city are desirous of having a local union of their own and one apart from their present affiliation with the Cooks and Waiters' Union. The reasons are not founded on any specific complaint of the treatment received, but are prompted by a wish to belong to a separate city lodge where they would be individually merged into a body having undivided interests in one cause in union labor.  
The proposed change about to come up before the Trades Council will involve, so far as can be learned, no particular change in the terms now existing between employer and employee. It is possible, however, that some of the bartenders will look to their union, later on, for a higher rate of remuneration. Bartenders of the city are now receiving from \$22 to \$25 a week. Some even get a higher rate of pay. In other places the men receive from \$18 to \$20. It is possible that many members of the union are getting considerably less than these amounts, but they are regarded as unworthy of being investigated. An effort is being made to eliminate them from the ranks of the union bartenders.  
The Knights of the Royal Arch, an association of master saloon men, place no obstacles in the way of their employees, declaring that they will get the best men available from any source obtainable.

**FREEDOM TO ICELAND GUARANTEED BY KING**  
REYJAVIK, Iceland, July 21.—At a banquet given in his honor last night, King Frederick of Denmark, who, accompanied by Prince Herald, Premier Christensen and forty members of the Rigsdag, arrived here yesterday, announced his policy regarding the future relations between the Danish crown and Iceland.  
"I have inherited the kingdom as a unit," said King Frederick, "and as such it shall remain from generation to generation, but I have also inherited from my father the tradition that the Icelandic people are to be free people who co-operate with the king in framing the laws under which they are to live. I have therefore established a commission consisting of members of the Danish Rigsdag and the Icelandic Althing, to arrange for legislation to define the constitutional position of Iceland in the realm, and to make a law under which the freedom of Iceland may be built up and protected while at the same time the unity of the realm is preserved and insured."
